

Lecture on “Research at IISc and Soft Matter Physics”

A lecture on the topic “Research at IISc and Soft Matter Physics” was organized by Information and Career Guidance Cell of IQAC on 27-09-19 at 2 pm. The speaker of the lecture was Lachit Saikia, a research scholar of IISc, Bangalore. In the lecture, he highlighted on various research opportunities available at IISc and the process through which a student can make entry into the prestigious institute. He put special thrust on “Soft Matter Physics” which is gaining importance gradually worldwide. The students interacted with the resource persons after the main lecture. 72 students of science stream attended the session.
